Sta-Rite and Pentair Pool Products

20% OFF

Pentair Pool Products

Because reliability matters most

Filters • Heaters • Control Systems • Pumps

(excludes booster pumps)

Master Temp and Max-E Therm high performance heaters offer Best-in-Class energy efficiency. Plus they are certified for low NOx emissions, making them eco-friendly favorites.

More efficient water flow through these cartridge filters may allow the use of smaller pumps or lower pump speeds to minimize energy use.

Put your pool on Cruise Control with an Automated Control System.

ULTRA ENERGY-EFFICIENT PUMPS

Standard pool pumps can consume as much energy as all other home appliances combined. The IntelliFlo pump can cut energy use by up to 90% and it is the quietest pump ever built.

Variable Speed Pump
Qualifies for PG&E Rebate
